

## THE JEANS

Skinnies are great for petite girls, and can really emphasize the natural shape of your leg. A pair that's cropped at the ankle or that's worn long with heels, will lengthen your legs.

## THE TOP

A long-line T-shirt that skims the waist gives a cool, laid-back feel to skinny jeans. You can also go slightly A-line to balance out the skinny leg.

## THE JACKET

To streamline the overall silhouette, go for a fitted blazer à la Kate Moss. Opt for a waist-length jacket – if it's too long, it will shorten your legs.
