THE most famous Eighties fashion accessory this side of the bubble perm is back.

Stylish celebs have been spotted wearing white stilettos - and they actually look COOL.

Peaches Geldof, *inset below right*, teamed hers with thick black tights while Paris Hilton wore her white courts in Los Angeles.

Top WAGs' shoe designer Christian Louboutin has got in on the act and almost every High Street store has their own version. Here, real-life Essex girl Carina models the new way to wear the white stiletto in 2007.
